

# The Kia EV9.

Movement that inspires

# Information at your fingertips.

02

This mobile brochure allows you to discover the main features and highlights of the new Kia EV9 conveniently via your mobile phone. If you require more detailed information on any topic at any point while you browse, simply click the button and you'll be directed to the EV9's full product page, which can also be easily shared and printed.

# Movement that inspires.

03

Open a world of possibilities.

We believe in movement that inspires. Design that makes a statement. Technology that changes the game. The boundary-pushing EV9 is built to enrich your life with new experiences. On every ride, you'll feel it. The bold, rugged exterior. The fully electric SUV capabilities. The more sustainable interior. All designed to open a new world of possibilities— and pleasure on the road.

Design

The shape of things to come.

## **Stand-out headlamps.**

Cube LED headlamps with the daytime running lights bring a bold, futuristic aesthetic to the GT-line's eye-catching front.

## **Signature LED taillights.**

The clean tailgate body includes hidden wipers and a unique star map lamp graphic to set you apart.

### **Distinctive digital side mirrors.**

Digital side mirrors offer clearer views in all conditions, and guidelines to assist with reversing and changing lanes.

### **Bold 21" GT-line alloy wheels.**

The lightweight 21" aluminium wheels and the wheel cover with eye-catching exterior shape.

## Triple Panorama Display.

A long, light, minimalistic dashboard featuring a 12.3" cluster, 5.3" centre display and 12.3" touch infotainment display.

## **Space for everyone to enjoy.**

Kia's first ever 3-row EV offers ample space for everyone, with equal comfort in every seat from the first to the third row. And with a roomy trunk, you can bring along whatever you need.

## Comfort you can configure.

You can choose from optional Swivel Seats in the second row, which can be switched around to allow occupants to interact with one another, or Relaxation Seats, available for the first and second row and providing full comfort for you and your passengers.

Charging & Range

# Seamless, speedy charging.

**Go further. Do more.**

Ultra-fast charging to recover up to 249 km in 15 minutes<sup>1</sup> and a high-voltage, large-capacity battery to keep you powered up for an even longer range of up to 563 km.<sup>2</sup>

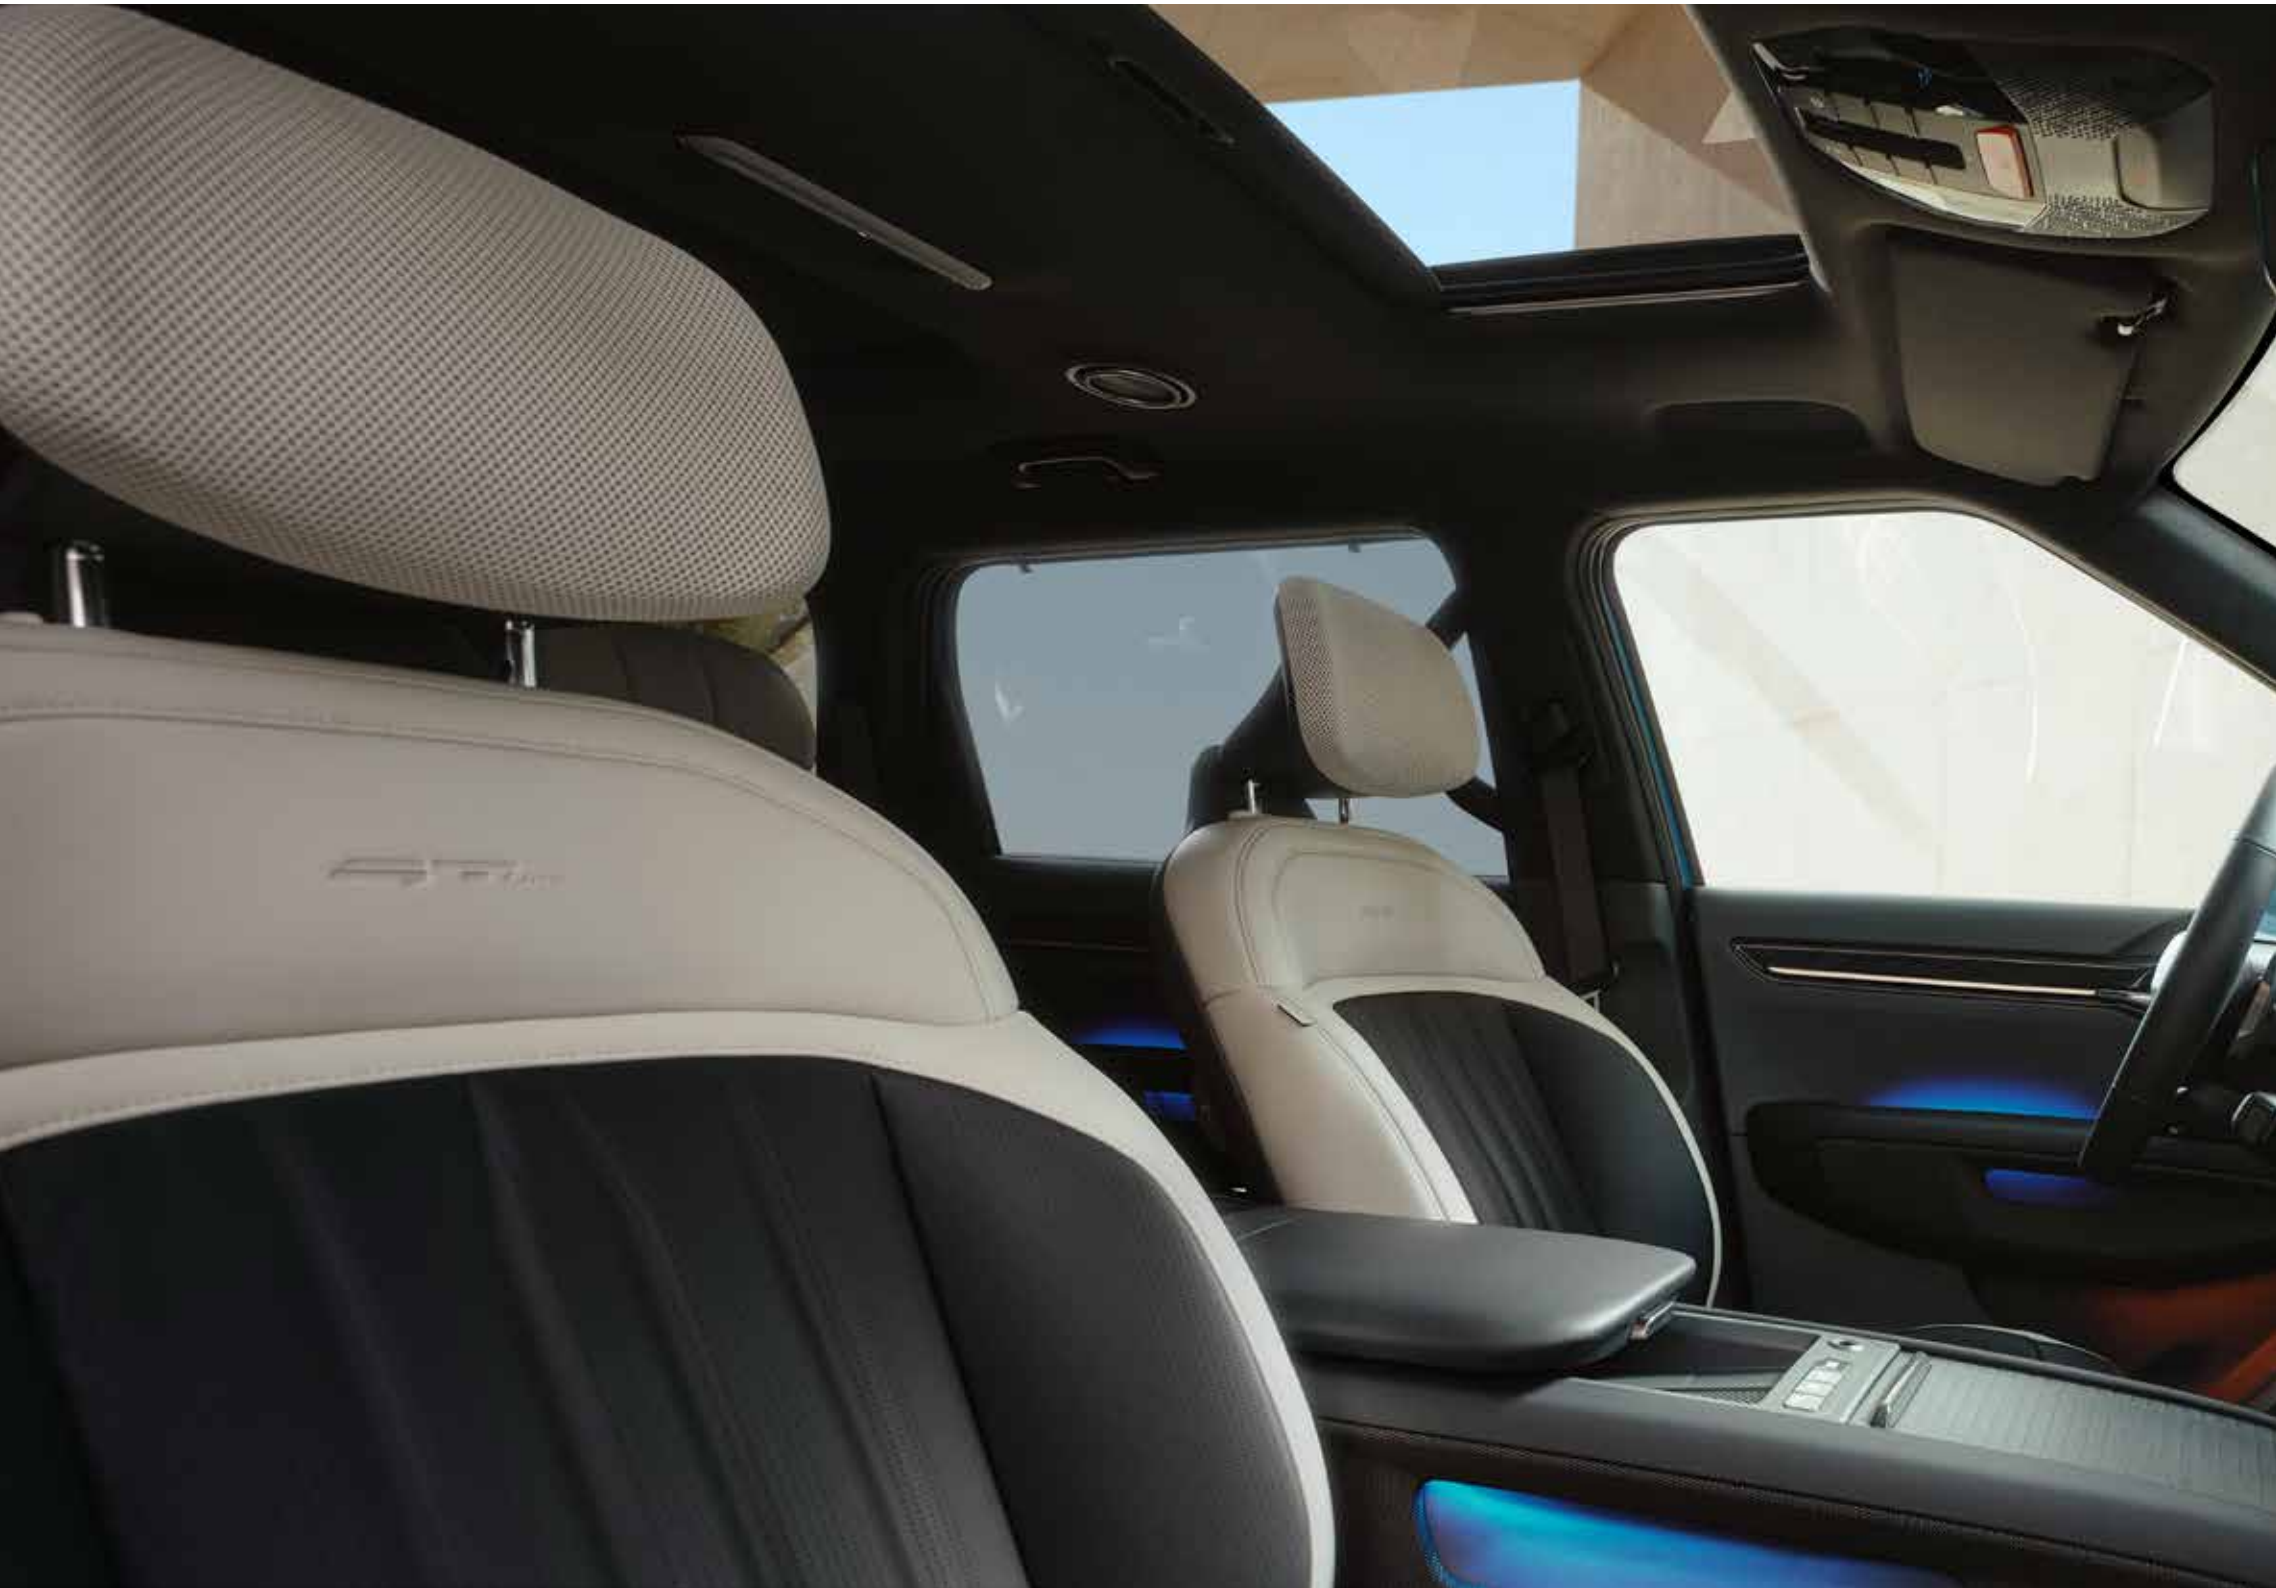

## **Smart charging technology.**

With the V2L (Vehicle-to-Load) function, you can charge items like laptops and camping equipment with a maximum power of 3.8 kW via your EV9.

— Sustainability

# Materials reimagined.

As we move toward more responsible mobility, the EV9 makes sustainability a priority. Interior materials include upcycled and plant-based materials that respect nature and reduce our impact.

Vegan leather seats.

Carpet made from recycled fishing nets.

Yarn made of recycled PET bottles.

— Safety

# Intuitive safety features.

Advanced safety features include Anti-Collision assistants, which detect collision risks before they occur, Highway assistants to keep you safe wherever the road takes you, and Parking assistants that work at the touch of a button to make parking easy. Learn more about all safety features via the animations.

Connectivity

# Your hub of connectivity.

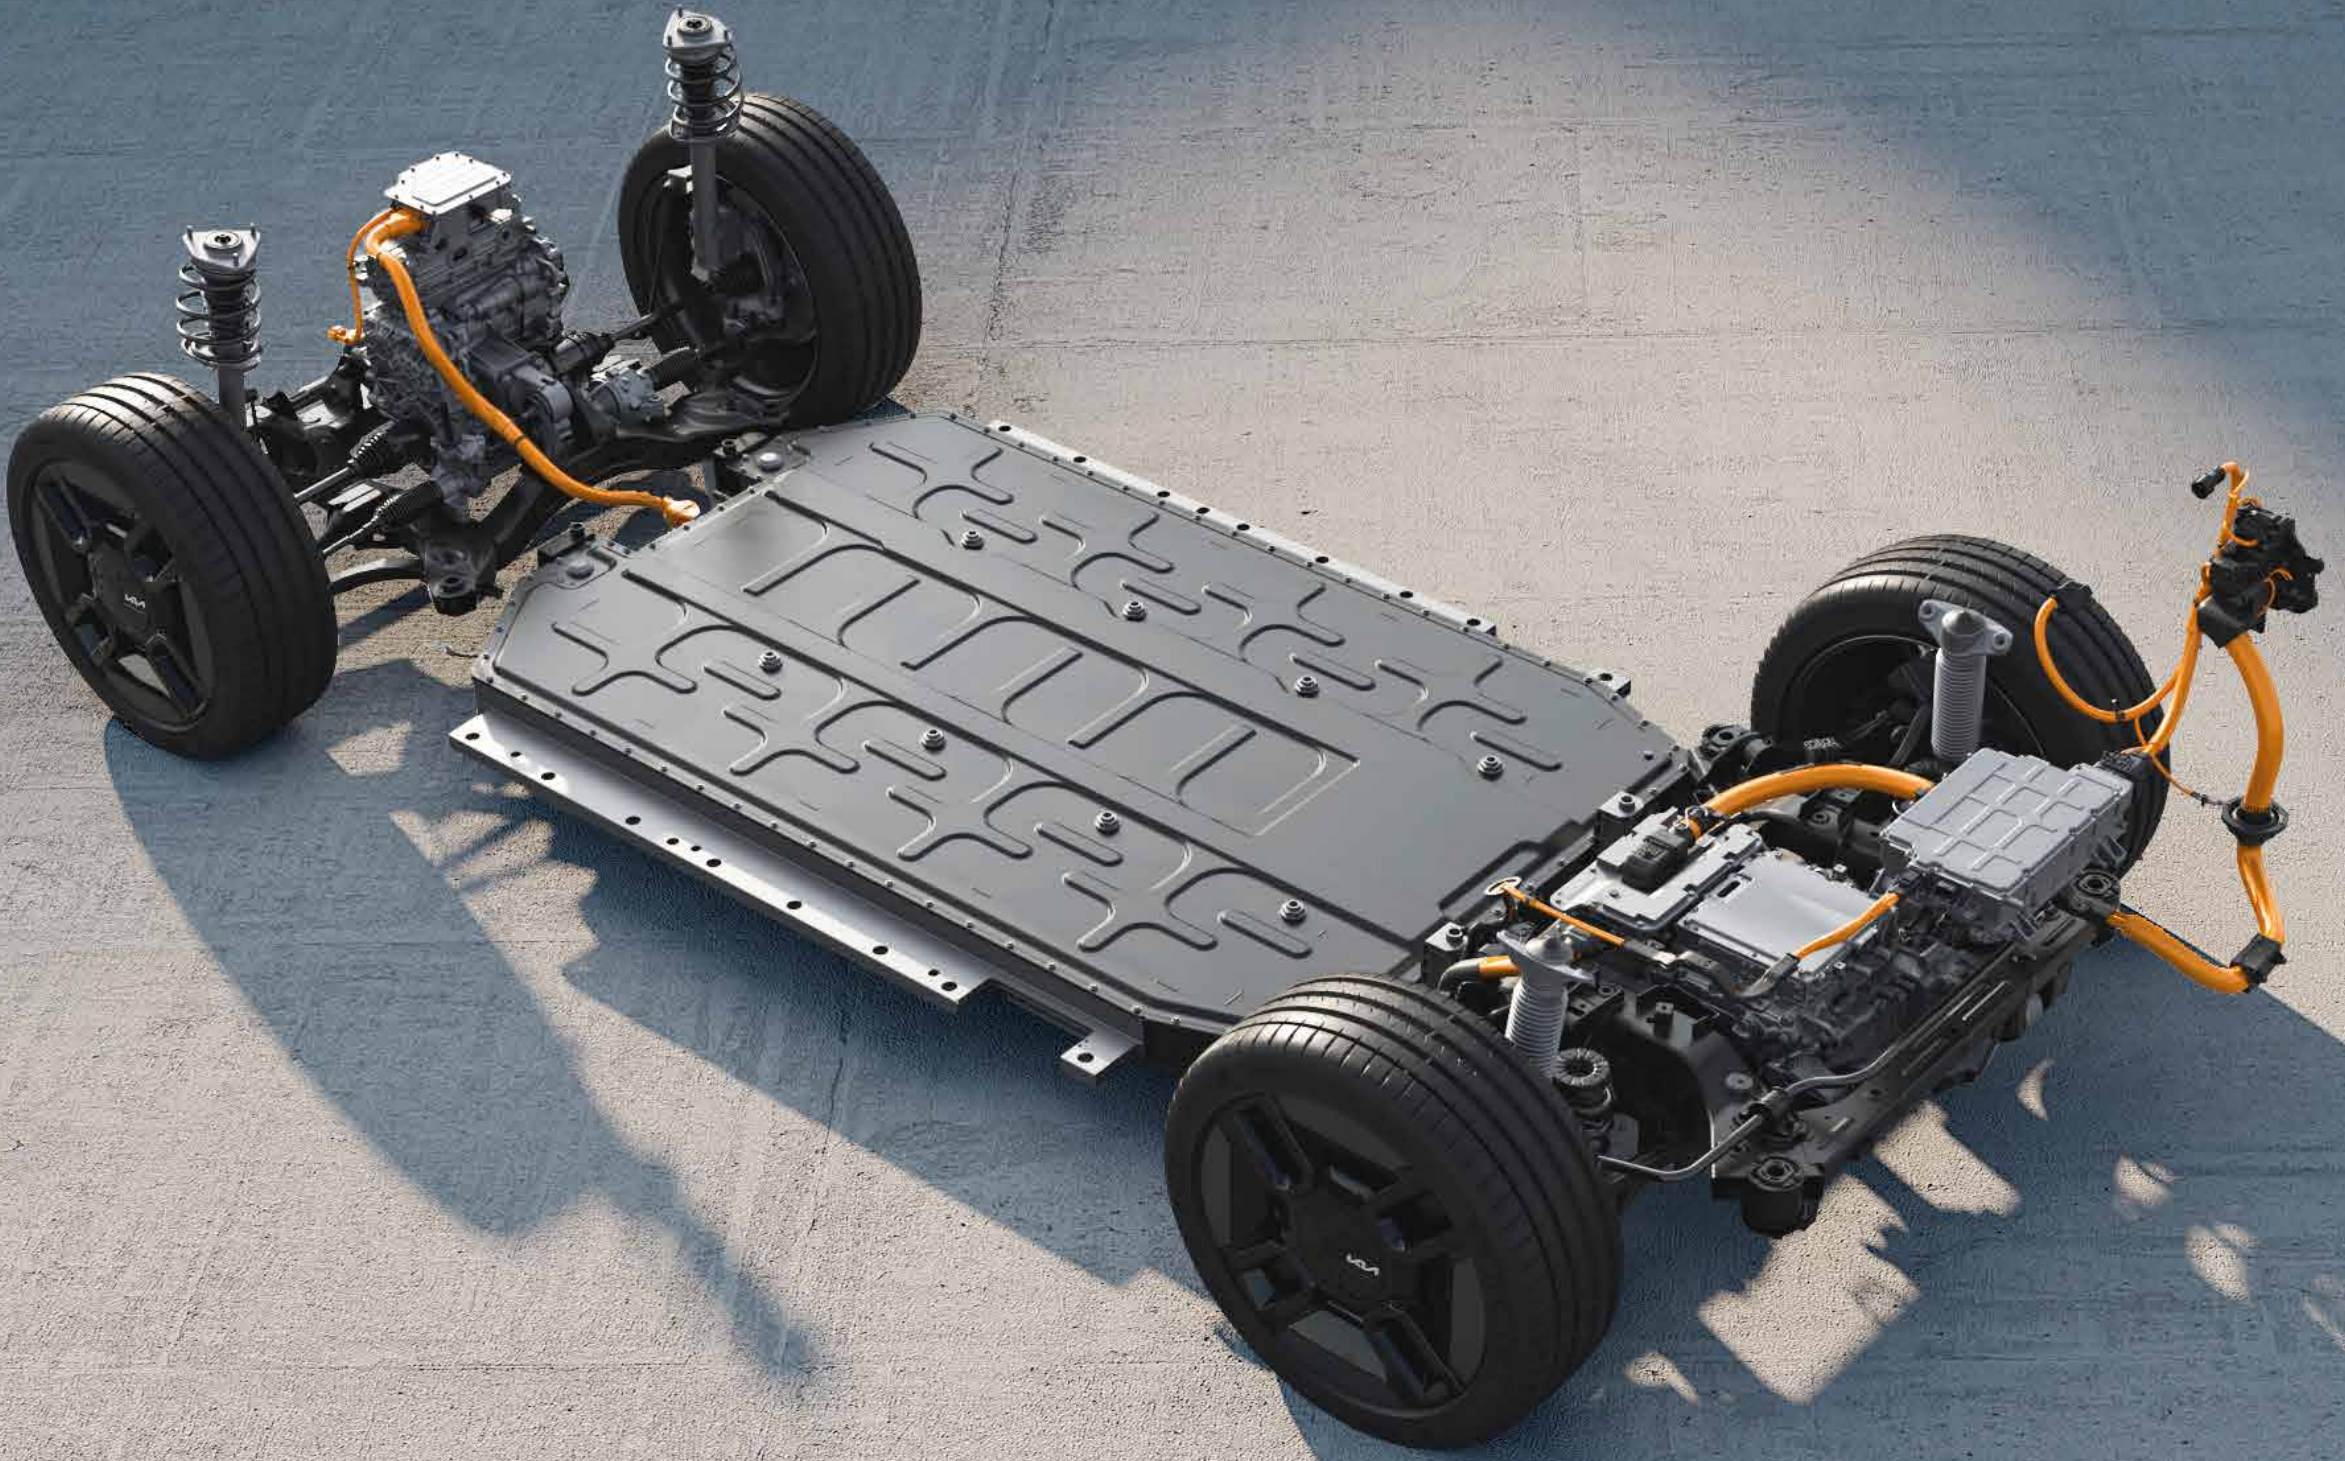

## Connect at a touch.

The Triple Panorama Display presents the essentials via 3 displays — including the convenient on-and off-board features the Kia Connect app offers, like weather, sport results, climate control and more.

## Upgrades.

Get even more out of your Kia experience with Upgrades such as Remote Smart Parking Assist 2, music streaming, and Boost. Available for purchase via the Kia Connect Store.

Platform

# Technology that moves you.

The long wheelbase of the Electric Global Modular Platform (E-GMP) provides a comfortable cabin for up to 7 people. The E-GMP delivers authentic performance and impressive range, with a stable EV performance, quiet drive, and a towing capacity of up to 2,500 kg from the all-wheel-drive powertrain.

Powertrain & Trimlines

# Discover your perfect fit.

EV9 GT-line

EV9 Baseline

The EV9 is available in two electric powertrain variants and two trim variants, so you can be sure to choose the option that's just right for you and your lifestyle.

## Legal Disclaimer.

- <sup>1</sup> In order to achieve the maximum charging speed, EV9 must be charged at an 800-volt electric vehicle charger that delivers at least 240 kW of electricity. The additionally added real-life range within 15 minutes is depending on different factors including the current state of charge of the battery, battery temperature and the charger used. It is also defined by the individual driving style and energy consumption.
- <sup>2</sup> The range was determined according to the standardized EU measurement procedure (WLTP). The individual driving style and other factors, such as speed, outside temperature, topography and the use of electricity-consuming devices / units, have an influence on the real-life range and can possibly reduce it.

Static and moving imagery are used for illustration purposes only. Final product may show differences in comparison to the images employed. The models and specifications shown in this brochure may vary from the models available in your market. Due to the limits of the printing process, the car body colours shown may differ slightly from actual colours. Please contact your local Kia dealer for the most recent information.
