

# The new Kia XCeed.

Movement that inspires

# Movement that inspires. The crossover. Redefined.

We believe in movement that inspires. In design that makes a statement. In innovative technology that changes the world. That's why we've redefined the crossover to bring you inspiration every day. In every way. A perfect mix of functionality and stand-out style, the new Kia XCeed brings you bold, sportier-than-ever aesthetics. The latest connectivity features to keep in touch. And so much more. It's an inventive crossover made to match your lifestyle. And go beyond all your expectations.

# The new Kia XCeed. The crossover. Redefined.

Life moves fast, and you deserve a car that always keeps up. The new Kia XCeed is more than just a crossover. It redefines the category with progressive design, smart innovation and dynamic performance. Offering seamless connectivity, practical versatility and a striking sporty presence, it is built for those who demand both style and substance. Designed to complement your lifestyle, the XCeed speaks your language - with every mile, on every drive.

# Feel the spirit of pure sportiness.

The new Kia XCeed is crafted to make a statement that is boldly expressive and effortlessly refined. Its sculpted, dynamic design commands attention from every angle, with strong proportions that create a distinctive, instantly recognisable silhouette. The GT-line further enhances its athletic character with sleek LED taillights, a signature grille, redesigned bumpers and exclusive 18" alloy wheels. All accentuated by sophisticated dark satin chrome details. This is a crossover designed not just to be seen, but to be remembered.

From its sculpted silhouette to the high-gloss black roof rails, every detail of the new Kia XCeed has been crafted with precision, blending subtle sophistication with powerful design statements. The striking LED rear combi lamps showcase a progressive, high-tech aesthetic, while the sporty lower diffuser and body-coloured side sill inserts add a dynamic edge. Meticulously refined in every detail, the XCeed is a crossover that doesn't just turn heads, but also holds your gaze.

Make a daring  
statement.

# Distinctive design that sets you apart.

Exuding a sense of dynamic elegance and assured presence even from afar, the pioneering new crossover instantly sets itself apart.

Its bold, sculpted form is complemented by refined details that reveal themselves on closer inspection - from the assertive LED headlamps and distinctive grille to the sport-infused bumper and air intake. The striking 18" alloy wheels make a confident statement, while the rear view impresses with a glossy black skid plate and a streamlined diffuser that subtly underline its athletic character.

## A space that speaks your language.

The carefully conceived interior design strikes a refined balance of comfort, sportiness and style - all centred around you. Blending premium materials with a clean, high-tech aesthetic, the cabin forms a space that's both relaxing and responsive. Highlights like the D-cut steering wheel with GT-line emblem, black headliner and grey-stitched leather seats elevate the experience, adding enjoyment to every drive.

# Dare to stand out.

The new Kia XCeed is built to excite, inside and out. Slide into the spacious, stylish cabin and instantly feel at home. With premium materials, bold design and enhanced comfort features, you'll find every excuse to stay on the road a little longer.

**Dashboard Interior.** Keep everything you need right at your fingertips. The new Kia XCeed blends sleek design with smart functionality. From the 12.3" digital cluster themes to the glossy black gear shift panel and slim rear-view mirror, every sporty detail is crafted for style and convenience.

# Make every drive inspiring.

Inspiration can arrive at any moment - a place yet to be explored, a long-overdue conversation, or a spontaneous visit to someone who matters. With its suite of advanced connectivity features and smart innovations, the Kia XCeed ensures the world stays effortlessly within reach, whenever and wherever you need it.

**Digital instrument cluster.** One glance is all you need to stay informed. The ergonomic 12.3" instrument cluster puts the important things front and centre, in high-definition display.

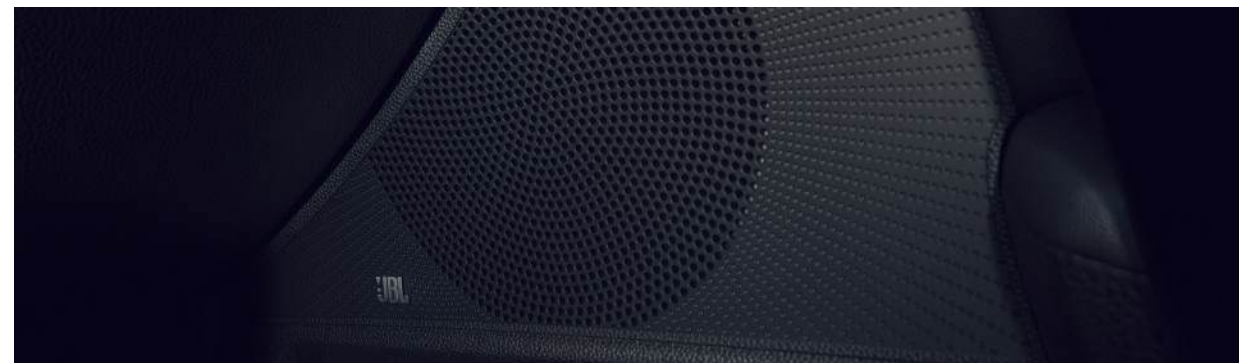

**10.25" navigation system.** Navigation, information and entertainment are seamless and stress-free thanks to the sleek 10.25" navigation system.

**Wireless charging.** Functionality is key in the new Kia XCeed. And since few things are more essential than a fully charged smartphone, you'll find the high-speed wireless charging bay an inspired feature in the cabin.

**Rear Seat USB-C charging ports.** Everyone has the power in the new Kia XCeed - including your rear passengers, who have a handy USB-C charging port to keep them connected and in charge while on the go.

**JBL sound system.** Every journey needs a soundtrack. Whether it's the local radio station, your favourite podcast or an album you never get tired of hearing. With the JBL sound system, you'll want to linger behind the wheel. Eight speakers and advanced Clari-Fi music restoration technology deliver premium, high-definition sound for all your listening pleasure.

# Seamlessly connected, on every drive.

Connection is everything. It is how you work, unwind and stay close to the people who matter. Inside your Kia XCeed, it brings convenience, confidence and a more enjoyable drive. With Kia Connect's smart features - like real-time navigation, fuel prices, parking, weather and voice commands. You're always in control. And with tools like Last-Mile Navigation, Valet Mode and Find My Car, every drive is smoother and smarter.

**Full service. Fully seamless.** Whatever you need on the road, Kia Connect on-board services are there to help. Get real-time traffic updates with automatic route adjustments and estimated arrival times. Check weather conditions, find parking or explore points of interest with ease. Use voice recognition for hands-free calls or music, and access your smartphone calendar on the navigation screen to guide you to your next appointment. You can even transfer and restore vehicle settings with User Profile Transfer for a more seamless driving experience.

**Journeys made simple.** With the intuitive Kia Connect app, convenience is always within reach. Locate your vehicle instantly with Find My Car, or rely on Last-Mile Navigation to guide you seamlessly from your parking spot to your final destination. Valet Mode ensures peace of mind when someone else is driving, offering real-time updates on location, distance and speed. Preparing for a trip? Use Send To Car to plan your route in advance and check your vehicle's status before departure. Remote Door Control manages locking and unlocking with ease, while My Trips provides an elegant overview of your past journeys - all from the palm of your hand.

**Remote reassurance when you need it most.** With Kia Connect, you'll never have to worry about your car again. Remote notifications will keep you in the loop with information on battery charge and other important diagnostics. Concerned about a break-in? Kia Connect's anti-theft alarm will keep you alerted about any potential threats. And for those days when you've got other things on your mind, the vehicle idle alarm will notify you if you've momentarily left the engine running in Park mode (gear P) with the door open.

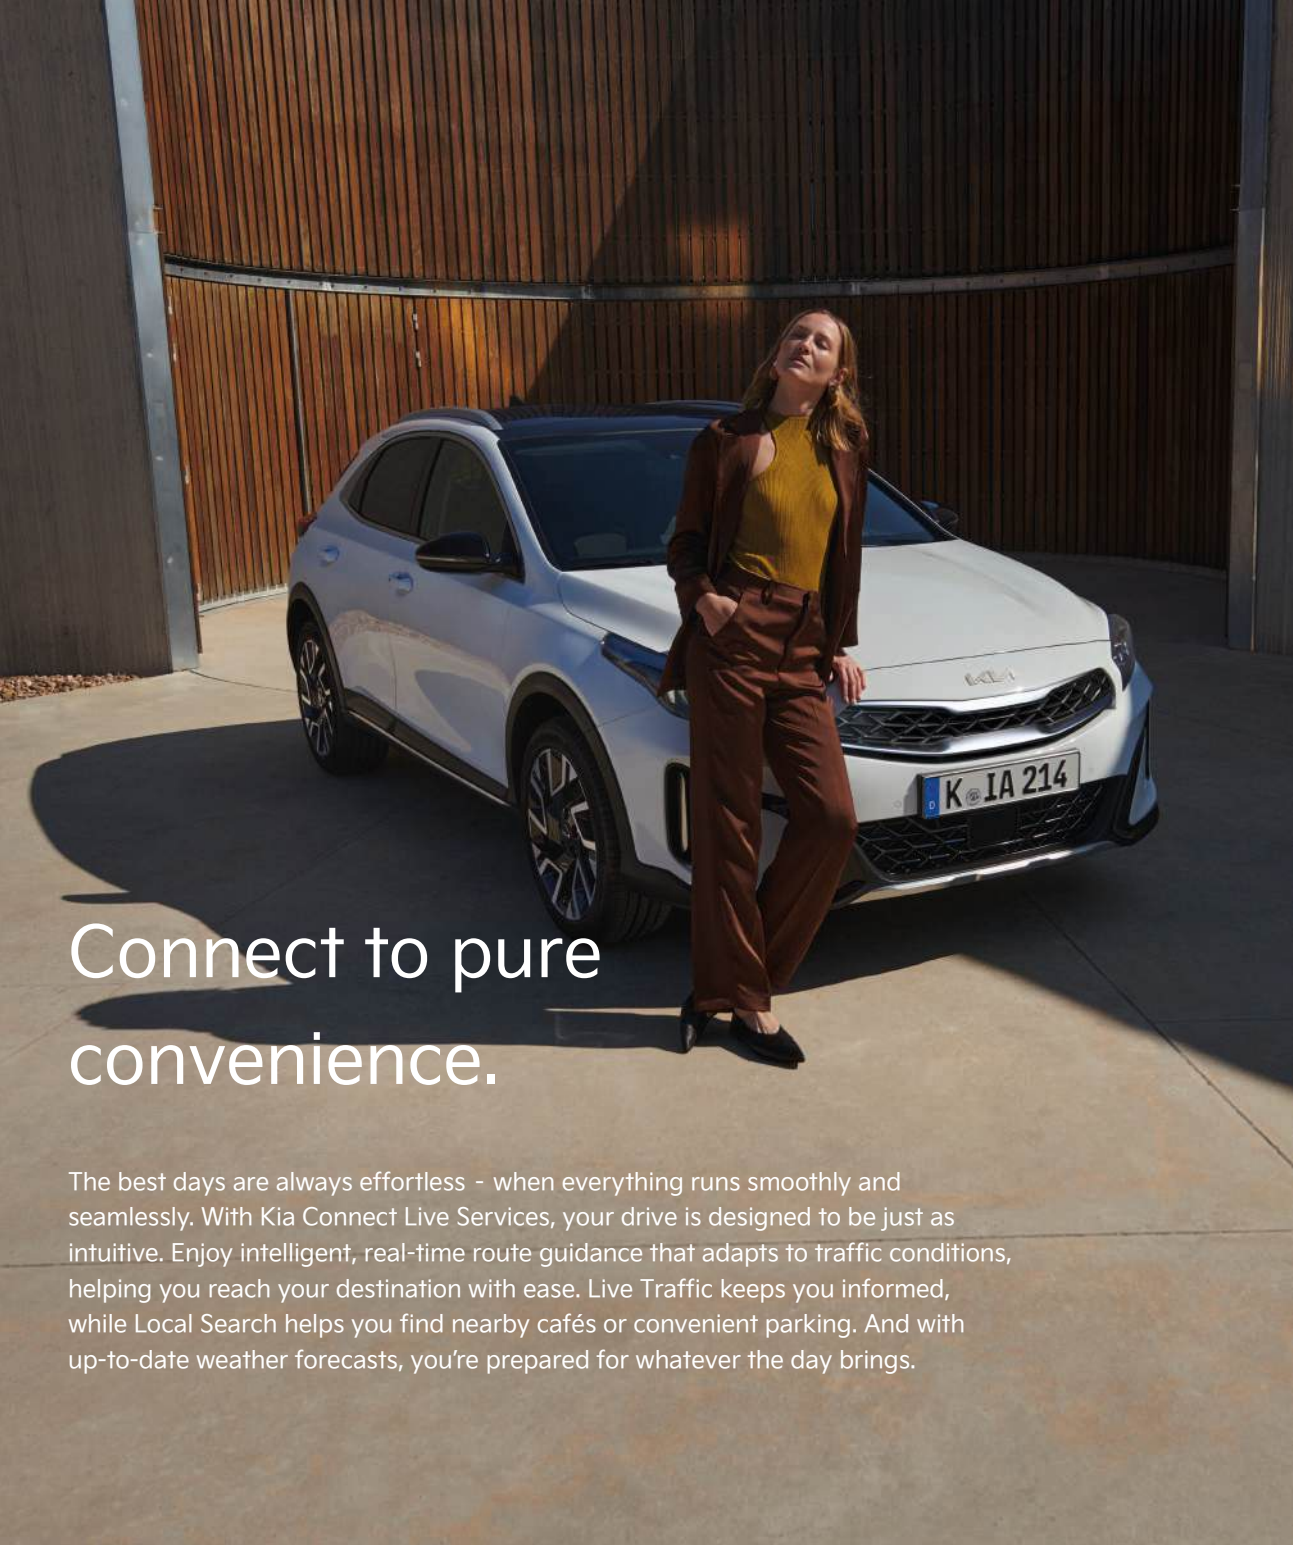

The displayed Kia Connect screens are for illustration purposes only and do not necessarily show the latest version of the Kia Connect app and Kia Connect on-board services.

For any questions regarding regulations or legal details, please check the Kia Connect Terms of Use.

\* Information and control service for your Kia; the services will be available free of charge for a period of seven years commencing on the day the vehicle is sold to the first owner of the vehicle, i.e. the point in time the initial purchase agreement becomes effective, and may be subject to change during that period. Details of operation and terms of use can be obtained from your Kia partner and on [kia.com](http://kia.com). Smartphone with iOS or Android operating system and mobile phone contract with data option necessary, incurring additional cost.

\*\*For new vehicles sold from May 2022, Kia offers, per vehicle, two free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software using the so-called "over-the-air" method ("OTA Updates"). Once the two free-of-charge OTA Updates have been consumed, you will be able to get free-of-charge updates of the maps in the vehicle's navigation system and of the Head Unit software only (i) by accessing the following web page <https://update.kia.com/EU/E1/Main> or (ii) at a dealership.

# Connect to pure convenience.

The best days are always effortless - when everything runs smoothly and seamlessly. With Kia Connect Live Services, your drive is designed to be just as intuitive. Enjoy intelligent, real-time route guidance that adapts to traffic conditions, helping you reach your destination with ease. Live Traffic keeps you informed, while Local Search helps you find nearby cafés or convenient parking. And with up-to-date weather forecasts, you're prepared for whatever the day brings.

Safety always comes first when driving. Apple CarPlay™ lets you use your iPhone with full peace of mind. Need directions to your dinner date, or want to listen to a podcast while you drive to work? Apple CarPlay™ puts everything onto your navigation display, so you can stay focused on the road.

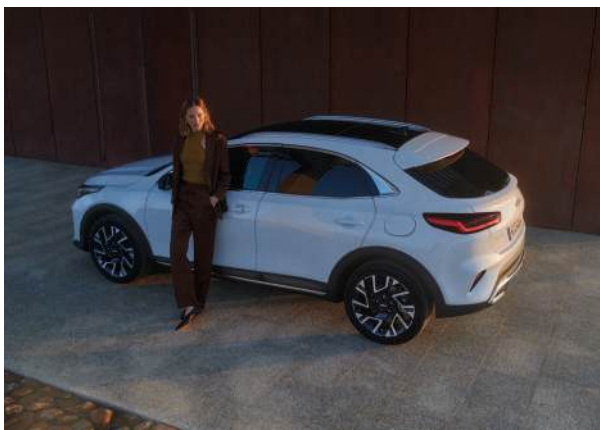

With Android Auto™, everything you like to connect to is front and centre. The simple, intuitive interface lets you access features like Google Maps, apps, music and voice control. It automatically organises info into simple cards, so you can make that call, check that app or play that song while staying safe.

**Seamless parking.** Parking your car has never been easier. With Kia Connect Live Services, parking spots are displayed before you arrive at your destination. You'll see potential on-street parking spaces based on historic data, as well as off-street parking with colour-coded availability. How's that for convenience?

**Keep moving.** You'll always stay on the move with highly accurate, live traffic information that's updated every two minutes to keep your journeys smooth. Avoid congestion, roadworks and anything else that might delay you. If things get busy, the system will alert you and suggest an alternative route.

**Find everything you need.** Hungry for a bite or looking for a bookstore? Local Search will find whatever you're after. When it comes to weather, you'll always be prepared. Just type in your destination to see a four-day summary, complete with minimum and maximum temperatures and chances of sun or rain.

\* Smartphone with data plan required to activate services.  
 \*\* Legal restrictions to these services may apply depending on country usage.

## Count on all-round comfort.

The new Kia XCeed is envisaged to be so comfortable and flexible that you'll always be ready to go, wherever you're heading and whoever is on board. Whether it's going the extra mile or extending your stay, its spacious interior, generous trunk capacity and foldable seats ensure ample room for everyone. And with features like heated and ventilated seats, comfort is always part of the experience - whatever the weather.

**40:20:40 flat-folded seats.** Because your comfort and convenience are at the heart of the new Kia XCeed, your seats fold 40:20:40.

**Integrated memory seat button.** Don't even think about it. Integrated memory seat buttons will make sure you're comfortable on every ride - just the way you like it.

**Heated and ventilated seats.** Stay cool or cosy. The new Kia XCeed boasts front and rear seats which can be heated on cooler days to keep you nice and warm. The seats warm quickly and then stay at the temperature you've chosen for as long as you need. On hot days, the front seats can be ventilated to keep you comfortable.

**Heated steering wheel.** It's the small things that can make all the difference, and the new Kia XCeed has thought of everything. A warm steering wheel on a cold day will go a long way to making your journeys even more enjoyable.

# Embrace both power and grace.

We see movement as more than getting from A to B. It is about agility, power and the sheer enjoyment of the drive. The new Kia XCeed delivers a dynamic driving experience, with a choice of powertrains, smooth gear changes via paddle shifters, and selectable drive modes that let you tailor every journey to your mood. Expect dynamic, fluid performance on the road thanks to a range of powertrains which can be configured with 6-speed manual or 7-speed dual-clutch transmissions.

**Automatic transmission.** The new Kia XCeed delivers sportiness inside and out. A sleek black panel with P(arking) R(everse) N(eutral) and D(rive) modes adds bold flair while letting you shift with ease. And the GT-line features a perforated leather gear knob for an extra touch of style.

**Cluster. Sporty instrument cluster.** Enjoy every drive with confidence, thanks to the refined, sporty instrument cluster featuring a widescreen display and high-definition graphics. Keeping everything you need clearly in view.

**Drive Mode Select.** Enhance your drive with Drive Mode Select, easily activated by pressing the Sport switch on the centre console. Paired with the dual-clutch transmission, it sharpens throttle response, boosts acceleration, improves steering and perfectly complements the 18" alloy wheels - for a sportier, more dynamic ride.

## Stay safer on every drive.

We know that some things are not negotiable. Like peace of mind, safety and feeling in control behind the wheel. That's why every one of our cars is built to prioritise keeping you and your passengers safe. Thanks to the latest intuitive technologies and assistive features, the new Kia XCeed lets you enjoy your journeys to the fullest. Because rest assured, we've got you covered.

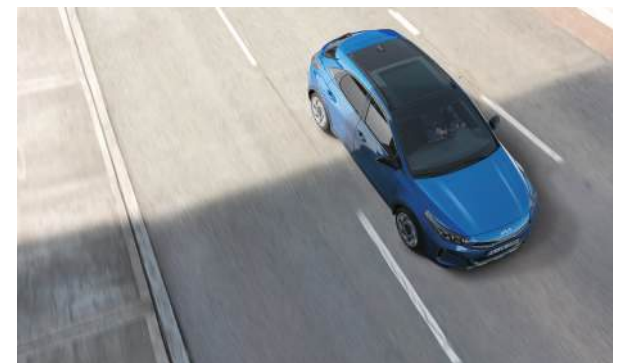

**Driver Attention Warning+.** With the smart Driver Attention Warning+ feature, you'll be cautioned when you need to refocus on the road. You'll also receive a warning when the car ahead restarts after a standstill.

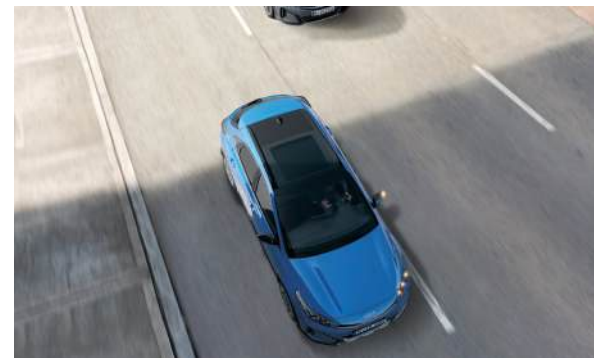

**Forward Collision-Avoidance Assist.** Forward Collision-Avoidance Assist is designed to help detect and monitor the vehicle ahead or help detect a pedestrian or cyclist in the roadway and warn the driver that a collision is imminent with a warning message and an audible warning, apply emergency braking.

**Rear Cross-Traffic Collision-Avoidance.** Hassle-free reversing is here. The Rear Cross-Traffic Collision-Avoidance system uses rear-mounted sensors to detect oncoming cars when you're reversing out of a parking space or driveway, helping to avoid and prevent rear collisions.

**Lane Following Assist.** The new Kia XCeed is loaded with advanced technologies - Lane Following Assist is one of the most impressive. LFA controls acceleration, braking and steering depending on the vehicles in front, making it easier and safer to move in traffic jams. The system uses a camera and radar sensors to maintain a safe distance to the preceding vehicle and monitors road markings to keep your car in the centre of your lane. LFA works between 0 and 180 km/h.

**Blind-Spot Collision-Avoidance Assist.** Another innovative assistive technology to make your time on the road safer and stress-free is the Blind-Spot Collision Warning system. A feature which uses a front camera and rear radar sensor to monitor blind spots and warn of oncoming cars via a symbol in the side-view mirror.

**Navigation-Based Smart Cruise Control.** Rush hour is a breeze with Navigation-Based Smart Cruise Control. The system allows you to maintain a set speed of your choosing, as well as a safe distance from the car ahead. Sensors track the distance between vehicles and reduce or increase speed to maintain it - without exceeding the set cruising speed.

# Discover your perfect fit.

The new Kia XCeed is unmistakably crafted to stand out - and to reflect your personal sense of style. With a curated selection of refined interior options, featuring premium materials and beautifully designed trims, you have the freedom to shape an environment that feels uniquely yours.

**LX standard.** The standard LX grade interior features sporty all-black fabric seat upholstery and striking satin chrome finishes.

**EX standard.** The standard EX grade features a stylish mix of black artificial leather and cloth seats with a blue accent, as well as an eye-catching high-gloss centre fascia with satin chrome finish.

**EX option 1.** Opt for added sportiness with black cloth and artificial leather seats, a high-gloss centre fascia and satin chrome dashboard accents.

**EX option 2.** Settle in for extra comfort with genuine full-leather seats, a striking high-gloss centre fascia and satin chrome dashboard accents.

**GT-line standard.** The GT-line standard cloth and artificial-leather interior features black fabric seats and bolster upholstery with black stitching.

**GT-line suede and artificial leather.** Smooth yet striking, the suede and artificial-leather option adds an extra touch of sporty style.

**GT-line leather.** Enjoy pure comfort and sophistication with the all-black full-leather option.

# Drive in your own style.

Our accessories are intentionally designed to give you more flexibility, convenience, and style for your next adventure in the new Kia XCeed. From weekend escapes to outdoor pursuits or city shopping, you'll find smart, stylish solutions to suit every need. Thoughtfully conceived for practicality and personalisation, they elevate your experience and accentuate the dynamic character of your XCeed.

**Cross bars, aluminium & Roof box.** Light and easy to install, these strong and perfectly fitting aluminium cross bars help you transport all you could possibly need on your next adventure. You'll probably need more luggage space than usual while on an adventure. Before you start cramming things in your cabin, enjoy the comfort of this sleek and durable roof box. Easy to install and with dual side opening for extra-fast access.

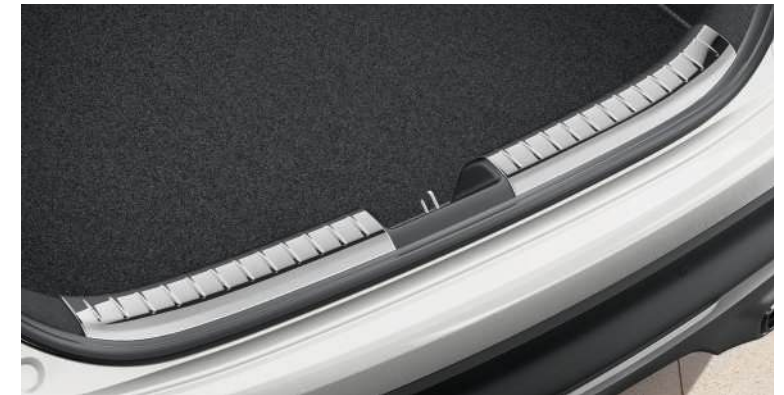

**Trunk mat.** Whether you're transporting your pet, your weekly shopping or your family's luggage - this made-to-measure mat will keep your trunk looking clean, new and stylish in the long run.

**Rear bumper trim line, chrome optic.** A small detail, with a sophisticated touch. Introduce this refined surface finish to your rear bumper in delicate dark stainless steel, for a sleek accent along your rear bumper. Also available in brushed stainless steel finish.

**Trunk sill trim line, chrome optic.** These glossy stainless steel shields are ideal for adding a refined horizontal detail to the inner sill and rear bumper of your XCeed's load area. Also available in brushed stainless steel finish.

**Door mirror caps, chrome optic.** Attention to detail can make all the difference. Raise the overall visual impact of your XCeed by complementing its exterior styling with these high-gloss stainless steel caps. Also available in brushed stainless steel finish.

# Enjoy engaging, efficient drives.

The new Kia XCeed combines dynamic performance with efficient, low-emission driving. Its EcoDynamics+ mild-hybrid powertrain pairs the advanced 1.0 T-GDi petrol engine with a 48-volt lithium-ion battery, intelligently optimising fuel efficiency and lowering emissions. The integrated e-system also recovers energy during deceleration to support acceleration. For a refined, responsive drive with smart sustainability at its core.

**Start.** The engine is started by the 'e-system' to ensure a prompt and smooth start.

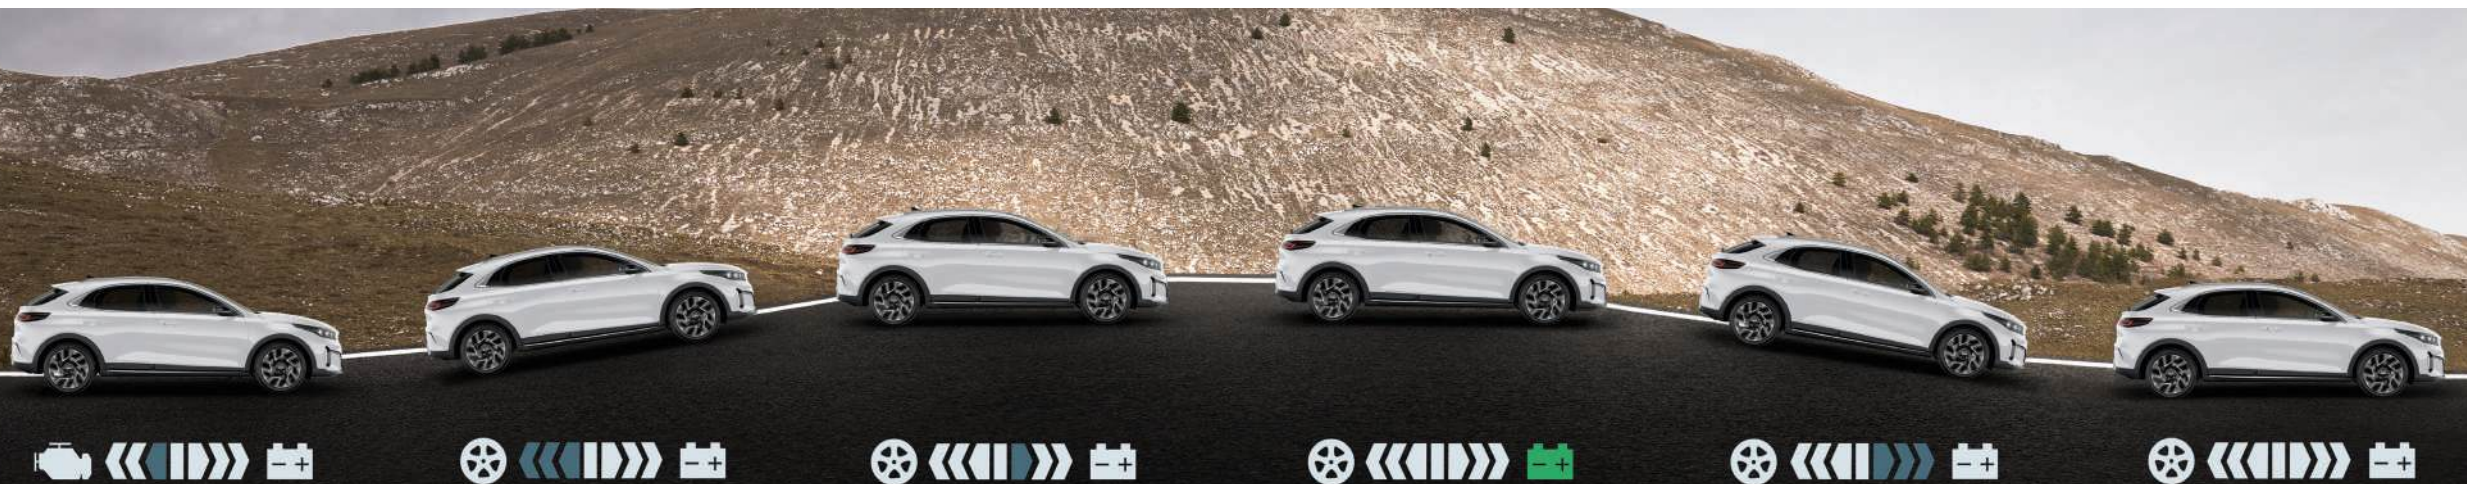

**Torque Assist.** During acceleration or uphill driving, the 'e-system' provides torque assistance by taking energy from the battery to support the engine.

**Cruising.** When driving at a constant speed, the combustion engine partially recharges the battery on the go if the charge level is low.

**Sailing.** Mild Hybrid additionally features the 'sailing function'. When the driver lifts their foot from the throttle and lets the car sail without accelerating, the engine will seamlessly and smoothly switch off, resulting in fuel savings. As soon as the throttle is pressed, the engine will immediately take over. The distance covered with the engine off depends on driving conditions and vehicle speed.

**Energy Recuperation.** When decelerating or braking, the energy generated by the vehicle motion is converted into electrical energy to recharge the battery.

**Moving Stop & Start.** When decelerating to a stop, the combustion engine turns off automatically during in-gear deceleration and braking to save fuel.

# From subtle to stand-out.

Distinctive, on trend and always classic. From bold to playful, urban to outdoor, you can choose exactly how you want to express yourself with the new Kia XCeed's vibrant palette of body colours. A choice between striking 16" or 18" alloy wheels completes the look, and ensures head-turning style.

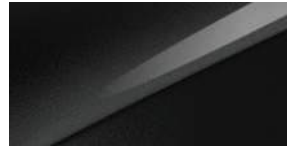

## Colour Line-up

Cassa White (WD)

Deluxe White Pearl (HW2)

Black Pearl (IK)

Enjoy full peace of mind.

When you purchase from the new Kia XCeed range, we want you to feel totally connected to your driving experience, not just today, but for years to come. That's why every new Kia comes with exclusive extended warranties.

**7-year vehicle warranty.** Every Kia benefits from a 7-year/150,000 km new car warranty (up to 3 years unlimited; from years 150,000 km). This bumper-to-bumper warranty is free and transferable to subsequent owners, provided the car is regularly maintained in accordance with the servicing schedule.

**Kia 7-year EV/HEV/PHEV Battery Warranty.**

When you switch to a Kia Electric (EV), Hybrid Electric (HEV) or Plug-in Hybrid (PHEV), it's good to know that our batteries are built to have a long life.\* That's why at Kia we are happy to offer you a 7-year warranty either from initial registration or 150,000 km whichever comes first. Even for our low-voltage (48 V and 12 V) batteries in Kia Mild-Hybrid electric vehicles (MHEVs), our Kia warranty covers you for a period of 2 years from initial registration regardless of mileage.

All of which means you can simply enjoy the experience of driving our eco-friendly range, every day for years to come.

\* Please note. For EV and PHEVs only, Kia guarantees a 70% battery capacity. Capacity reduction of the battery in HEV and MHEV vehicles is not covered by this warranty. To minimise possible capacity reduction, simply follow the instructions at [...] or consult your Owner's Manual.

Consult your Owner's Manual for more information, or visit at [www.kia.com/\[...\]](http://www.kia.com/[...]).
