

The new Kia Niro.

Movement that inspires

Designed for everyday balance.

We believe in movement that inspires. Design that makes a statement. Technology that redefines expectations. However busy your life or varied your routine, the new Kia Niro is built around the needs of your everyday. It balances efficient performance with practicality and a refined, modern design, while user-friendly technology helps make every journey easier.

Exterior design.

Confident first impression.

The new Kia Niro has a calm yet confident SUV character upfront, with a redesigned front bumper and grille. The redesigned rear presents a more dynamic interpretation of modern crossover styling, with refined lamp graphics, a reshaped tailgate and updated rear bumper details.

Dynamic side profile and distinctive signature lighting.

New vertical LED headlamps and refined rear combi lamps introduce a modern lighting identity. Refined bodywork surfaces, balanced proportions and newly designed 18-inch alloy wheels create a sleek and modern crossover silhouette.

Interior design.

New integrated infotainment.

With a 12.3-inch driver cluster and 12.3-inch infotainment display, Kia's advanced ccNC system keeps navigation, entertainment and key vehicle information within easy reach.

OTA Updates¹

Stay effortlessly up to date without interrupting your routine. With Over-the-Air (OTA) updates, the new Kia Niro receives the latest software enhancements - from navigation to infotainment updates.

- Ergonomically designed premium relaxation seats with heating and ventilation.
- Generous space for everyday life.

Convenience & Connectivity

With Digital Key 2.0², you can lock, unlock and start your Niro using your smartphone. You can also securely share vehicle access with family or friends for added convenience.

Confident hybrid performance.

Built for everyday driving, the new Kia Niro Hybrid combines a 1.6-litre GDI petrol engine with an electric motor to deliver smooth, responsive performance. Its front-wheel drive powertrain and 6-speed dual-clutch automatic transmission are tuned for comfort, helping you drive further with fewer stops.

Style your Niro, your way.

The new Niro is equipped with a comprehensive range of Advanced Driver Assistance Systems (ADAS)³, engineered to enhance your safety and assist you behind the wheel for an easier, more enjoyable drive.

You can also tailor your drive with a choice of two different trims, each with its own distinctive character.

SEPTEMBER 2026

The models and specifications shown in this leaflet may vary from the models available in your market. Please contact your local Kia dealer for the most recent information.

1 Over-the-Air (OTA) updates: New vehicles equipped with OTA-enabled navigation software benefit from complimentary services for a defined period.

2 For the Digital Key 2.0 to work properly, you need a compatible phone that supports Bluetooth Low Energy (BLE), Near-Field Communication (NFC) and Ultra-Wide-Band (UWB) technology.

3 The use of assistance and safety systems does not release the driver from the obligation to constantly monitor traffic and control the vehicle.
